Rocco and Little Lou, the Old Socialist

ROCCO
Well Little Lou, still the socially conscious shopper?

LL
Just found Full Sail Ale! Brewery owned by workers.

ROCCO
Your shopping process is exhausting, methinks. And you're hardly getting younger. Will Full Sail be available in heaven?

LL
In my half, of course!

ROCCO
What's the...?

LL
You have two heavens, one for Republicans and the other for decent people.

ROCCO
Don't hafta tell me which has the golden door.

LL
There it's pay as you go.

ROCCO
Fortunately not as you went or it'd be empty.

LL
Hardly a great loss!

ROCCO
But we should temper our remarks, like immediately.
Big Lou's wife, now massively approaching, is a Republican.

LL
I rest our case.
